ORTHOGNATHIC SURGERY

from the 17th to the 19th of May 2017

Hands-on course for Oral and Maxillofacial Surgeons and Orthodontists

The aim of this three-day course is to demonstrate the importance of a close collaboration and understanding between the oral and maxillofacial surgeon and the orthodontist in the matter of diagnosis, treatment planning and performance of treatment of patients with growth abnormalities.

The maximum number of participants is limited to 12 persons to ensure optimal conditions for dialogue and demonstrations.

Description

The course includes

- surgical demonstrations (hands-on) on orthognathic surgical patients including conventional orthognathic surgery and distraction osteogenesis (6-7 patients)
- chairside demonstration on patients during different stages of treatment in our in-house orthodontic clinic
- orthodontic surgical planning sessions including virtual planning and model surgery
- visitation of patients referred for orthognathic surgical treatment (3-4 patients each day)
- lectures on selected relevant topics; 2-4 hours each afternoon.

Faculty

Martin Dahl, DDS, Chairman (MD)
John Jensen, DDS, PhD, Ass. Professor, consultant surgeon (JJ)
Thomas Klit Pedersen, DDS, PhD, Professor, Head of Orthodontic Clinic (TKP)
Sven Erik Nørholt, DDS, PhD, Professor, consultant surgeon (SEN)
Jytte Buhl, DDS, consultant surgeon (JBU)
Johan Blomlöf, DDS, PhD, consultant surgeon (JBL)
Susanne Herskind, DDS Orthodontist (SH)
Stig Isidor, DDS Orthodontist (SI)
Michel Dalstra, Ass. Professor, engineer PhD (MiD)
