

# Brussels Orthognathic Atomium Course

[maxfac@uzbrussel.be](mailto:maxfac@uzbrussel.be)

August 5-9, 2013

## The Atomium Course

General information

- ▶ This course is part of the Rolling Programme. Attendance is limited to EACMFS trainee members, certified by the Midhurst Secretariat.  
[secretariat@eacmfs.org](mailto:secretariat@eacmfs.org)
- ▶ The course includes planning concepts, web based planning boot camp (facewizz), step-by-step procedural training, the „why’s, do’s and don’ts“, work-up of cases, mock surgery and assistance in theatre.
- ▶ The course cost is 800 Euro, which covers also the evening programme.
- ▶ For further information and registration (first come, first served basis), please contact [maxfac@uzbrussel.be](mailto:maxfac@uzbrussel.be) (Mrs. Liesbet Willems) at the European Face Centre, University Hospital Brussel, Laarbeeklaan 101, B-1090 Brussels

## A Brussels continuation of the Bruges Lobster course

- The Lobster Course - from year 2003 to 2010
- Surgeries included 114 BSSO's, 2 USSO's, 72 Le Fort I-osteotomies (single or multiple segments), 31 chin-osteotomies, 24 TPD's, 1 SARME, 7 malar valgisation osteotomies, 2 TMD's, 4 protruding ears, 3 rhinoplasties, 2 submental liposuctions and 3 craniofacial cases (Le Fort III, adult scaphocephaly, orbital dystopia). This is 265 procedures (BSSO's counting as 1). In 2005 we stopped operating on Friday's, because of the exhaustiveness of the surgeries, theoretical sessions, and social programme. This means an average of 9,3 procedures per day over 35 operating days.

Maurice Mommaerts, MD, DMD, PhD, FEBOMFS

# The Atomium Course

## The Programme

Morning		Lunch	Afternoon	Late afternoon	Evening
<b>Monday</b>
