15TH SOUTH COAST ANATOMY COURSE 2013

Remit

Surgical anatomy of head & neck access and
reconstruction: a cadaveric dissection course

Dates

9-13th September 2013

Venue

Salisbury District Hospital, UK

Organisers

Miss MK Herd, Mr IP Downie

OUTLINE

Cadaveric dissection: Fresh frozen

Having run for many years, the course boasts a friendly, dynamic and committed faculty with a wealth of experience in Head and Neck surgery.

Each speaker will introduce their topic with a short formal presentation before laboratory demonstrations and individualised dissection.

Two delegates will share a cadaver.

Delegate numbers will be limited to eight to maximise experience from the high faculty to delegate ratio comprising 15+ consultants.

Audience

Trainees and junior consultants in Oral and Maxillofacial, ENT and Plastic Surgery.

Location

Salisbury District Hospital, Wiltshire, SP2 8BJ. UK

Valid for 35 hours CME
