

First intimation

Facing Smile Surgery

An interactive symposium

focusing on perfecting the smile in facial paralysis surgery

Come and join Dr Daniel Labbé and Prof. Federico Biglioli in Brussels ...

The programme will cover craniofacial and free functioning muscle transfer techniques in restoring a dynamic and symmetrical smile. Relevant aesthetic techniques will also be outlined. The symposium will deliver small group presentations combined with live surgery and cadaveric workshops. All finished off with a networking dinner.

Thursday 29th & Friday 30th October 2015

European Face Centre, Universitair Ziekenhuis Brussel & Vrije Universitair Brussel

Symposium committee: John Blythe, Michael Büttner & Maurice Mommaerts

Registration / programme: mayface@uzbrussel.be / Mrs De Vuyt: +32 (0)2 474 02 85
