Course Chairman

Gerhard Undt, Vienna, Austria

Faculty

Uwe Eckelt, Dresden, Germany
Nils-Claudius Gellrich, Hannover, Germany
Niall McLeod, Oxford, UK
Majeed Rana, Hannover, Germany

Course Venue

ACC Liverpool - Room 4B
Kings Dock, Liverpool Waterfront
Liverpool, United Kingdom, L3 4FP

Who should attend

This course is designed for surgical specialists beginning their career in TMJ and mandibular condylar process traumatology, as well as for experienced surgeons wishing to refine their surgical skills. Despite of the differentiation between open vs. closed reduction, the participants will gain a practical insight of the most important access procedures to condylar process fractures and the most important types of osteosynthesis.

Participation Fee

including hands-on workshop
250 EUR for surgeons
150 EUR for surgeons in training

for theoretical part only
100 EUR for surgeons
75 EUR for surgeons in training

Registration

www.sorg-group.com

Tuesday, July 21st, 2015

08:00 - 08:30	Registration	
08:30 - 08:40	Introduction	<i>Undt</i>
08:40 - 09:00	Classification of condylar fractures	<i>McLeod</i>
09:00 - 09:40	Approaches to the TMJ	<i>Eckelt</i>
09:40 - 10:00	Discussion	

10:00 - 10:30 Coffee break I

10:30 - 11:00	Endoscope-assisted transoral miniplate osteosynthesis	<i>Gellrich</i>
11:00 - 11:20	Endoscope-assisted transoral reduction and internal fixation versus closed treatment of mandibular condylar process fractures – a prospective double-center study	<i>Rana</i>
11:20 - 11:40	Resorbable osteosynthesis	<i>McLeod</i>
11:40 - 12:00	Discussion	

12:00 - 13:00 Light lunch

13:00 - 13:20	3D imaging and intraoperative image analysis	<i>Gellrich</i>
13:20 - 13:40	Open vs. closed treatment of condylar fractures	<i>Eckelt</i>
13:40 - 14:10	Surgical treatment of diacapitular fractures, soft tissue management and prevention of ankylosis	<i>Undt</i>
14:10 - 14:30	Discussion	

14:30 - 15:00 Coffee break II

15:00 - 17:00	Hands-on workshop: Endoscopic treatment of mandibular fractures on training skulls*	<i>All</i>
