

– Meet The Experts –

Preprosthetic / Preimplant Surgery

Preliminary Program

Bone Graft Course, Groningen

November 18th – 20th, 2015

- Limited Attendance
(20 Participants)
- Hands-on,
Fresh Frozen
Cadaver Course

In collaboration with

Wenckebach Instituut, University Medical Center
Groningen, NL

International Course

S.O.R.G. ACADEMY

www.sorg-group.com

Aim of the Course

Course participants will learn the basic anatomy and harvest techniques as well as the indications, treatment planning and pitfalls for the most commonly used bone graft procedures in reconstructive preprosthetic surgery.

The use of fresh cadavers offers a unique opportunity to see and explore the anatomy as well as perform the operations in an ideal setting. Two participants will be allocated to each cadaver and so each will be able to perform and assist in each procedure with the assistance of 6 experienced Maxillofacial Reconstructive Surgeons as tutors. The course is supported by video demonstrations.

Organizing Committee

Jeroen Fennis, Arnhem, The Netherlands

Ruud Bos, Groningen, The Netherlands

Oliver Scheunemann, Tuttlingen, Germany

Faculty

Selçuk Basa, Istanbul, Turkey

Jeroen Fennis, Arnhem, The Netherlands

1st Day (Wednesday, November 18th, 2015)

12:00 Registration and lunch

Afternoon program:
Donor sites: anatomy, harvesting and scientific background

13:00	Welcome and introduction by the course chairman
13:10	Local and regional bone
13:30	Discussion
13:40	Anterior iliac crest
	Posterior iliac crest
14:20	Discussion
14:30	The role of biomaterials
14:50	Discussion

15:00 Coffee break

15:30	Distraction osteogenesis – Indications and technical procedures
16:00	Discussion

Recipient sites:
Indications, treatment techniques and scientific backgrounds

16:10	Bone grafts for tooth replacement
16:45	Severe atrophy in the edentulous patient
17:20	Discussion

17:30 End of course day I

19:00 Course dinner

2nd Day (Thursday, November 19th, 2015)

09:00	Cadaver dissection Graft procurement: regional bone grafts (ramus)
10:30	Cadaver dissection Bone grafting: onlay bone grafts, veneer grafts
12:00	Cadaver dissection Graft procurement: anterior iliac crest
13:00	Lunch break
14:00	Cadaver dissection Graft procurement: posterior iliac crest
15:00	Coffee break
15:15	Case presentations / pitfalls and problem solving
15:35	Complications – how to avoid, how to handle Panel discussion (case presentations by participants)
15:45	Cadaver dissection Graft procurement: anterior iliac crest Demonstrations calvarial harvesting
17:30	End of course day II

3rd Day (Friday, November 20th, 2015)

08:00	Cadaver dissection Bone grafting: Iliac crest bone grafts, anterior / onlay bone grafts with/without soft tissue surgery
09:30	Cadaver dissection Bone grafting: Sinus lift surgery
11:00	Cadaver dissection Alveolar distraction osteogenesis
12:45	Farewell
13:00	Lunch break
14:00	End of course day III

if hotel accommodation is required.**

Please note that the payment of the hotel accommodation
will have to be done directly at the hotel.

SonicWeld Rx[®]

*A Revolution in Cranio-
Maxillofacial Osteosynthesis*

Experience all benefits

of a unique and revolutionary
osteosynthesis technique:

- 100% amorphous and biodegradable thanks to pure PDLLA
- Highest stability thanks to cortical as well as cancellous anchorage and immediate locking between PDLLA pin and plate
- Simple to use and easy handling thanks to ultrasonic driven introduction of the resorbable materials
