

S. Paolo Hospital - Health Sciences Department - Milan University

Milan - 8th April 2019

Facial Reanimation

San Paolo Hospital, Milan - Italy

EACMF (European Association for Cranio Maxillo Facial Surgery)

President: Federico Biglioli

International guest speakers: Teresa Gonzales-Otero, Charles Nduka, Grazia Salimbeni

Abstract

Facial palsy is a condition that negatively and severely affects the quality of life as it causes functional, aesthetic and psychological deficits.

Its **prevalence is very high**, as it affects one in fifty subjects.

The causes are many and, depending on the etiology, spontaneous healing is possible.

In cases of partial or complete deficit, it is possible to optimize functional and aesthetic recovery with a surgical or non-surgical procedures.

The course includes live broadcast from the operating room of a **“triple innervation” facial reanimation for recent paralysis**, completed by in-class comments and scientific presentations on the same topic by a **panel of distinguished speakers**. The presentation of adjunctive treatment options offers a **complete and updated picture of the treatment** for different forms of facial palsy.

Information

Date: 8th april 2019

Time: 8.00 a.m. – 5 p.m.

Place: San Paolo Hospital, Via A. Di Rudinì, 8 - 20142 Milan - Italy

Room: Auditorium, sector C, 2° floor

TARGET

Doctors specialist in: Maxillo-facial Surgery; Plastic and Reconstructive Surgery; Neurosurgery; Neurology; Ophthalmology; Otorhinolaryngology

Maximum number: 80 of participants

Deadline for admission: 31st January 2019

(admission is subject to availability)

ATTESTATION

available at the secretariat as soon as the questionnaire of perceived quality has been filled.

COURSE FEE

*85,00 € included VAT (69,67 € + VAT),
including coffee break and light lunch*

4.40 p.m.	<i>Conclusions</i>	

Faculty

Fabiana Allevi

*Maxillo-Facial Surgery Specialist,
Maxillo-Facial Surgery Unit
(Dir. Prof. F. Biglioli), San Paolo University
Hospital of Milan - Italy*

Bernardo Bianchi

*Assitant Professor of Maxillo-Facial
Surgery, Maxillo-Facial Surgery Surgical
Unit (Dir. Prof. E. Sesenna), Parma
University Hospital - Italy*

Federico Biglioli

*Full Professor and Head of the
Specialization School for Maxillofacial
Surgery - Milan University - Italy. Head of
Maxillofacial Surgical Unit - San Paolo and
San Carlo Hospitals, Milan - Italy*

Federico Bolognesi

*Resident in Maxillo-Facial Surgery,
Policlinico S. Orsola - Malpighi University
Hospital, Bologna - Italy*

Alberto Bozzetti

*Full Professor and Head of the
Specialization School for Maxillofacial
Surgery, University Bicocca of Milan. Head
of Maxillofacial Surgical Unit - San Gerardo
University Hospital, Monza - Italy*

Gianpaolo Carrafiello

*Full Professor and Head of the
Radiological Unit - San Paolo and San
Carlo Hospitals - Milan University - Italy*

Francesca Carota

*Maxillo-Facial Surgery Specialist, private
practice centered on facial plastic surgery
and medicine, Milan - Italy*

Silvia Cavallini

*Professional kinesiologist, Graduated in
physical and sports education, Milan- Italy*

Silvia Cupello

*Physiotherapist, Physical Rehabilitation
Unit, San Paolo University Hospital of
Milan - Italy*

Marco Della Monaca

*Maxillo - Facial Specialist, Oncological and
Reconstructive Surgery Unit, Policlinico
Umberto I Hospital, La Sapienza University,
Rome - Italy*

Giovanni Felisati

*Full Professor and Head of ENT Surgical
Unit and Director of the Head and Neck
Department - San Paolo and San Carlo
Hospitals, Milan - Italy*

Paolo Fogagnolo

*University researcher, Ophthalmology
University Department (Director: Prof.
Luca Rossetti), San Paolo and San Carlo
Hospitals, Milan - Italy*

Manlio Galie

*Director and Chief of Cranio Maxillo
Facial Surgery Unit. Center for Orbital
Pathology & Surgery. Reference Center
for Treatment of Rare Diseases. EACMFS
International Teaching Centers Network.
St. Anna Hospital and University
of Ferrara - Cona - Italy*

Aldo Bruno Gianni

Full Professor and Head of Maxillo-Facial Surgical Unit and Head of Biomedical, Surgical and Dental Science Department - Policlinico University Hospital of Milan - Italy

Teresa Gonzalez-Otero

Consultant in Maxillofacial Surgery at La Paz University Hospital. Assistant Professor. Autonomous University Madrid - Spain

Alessandro Lozza

Neurologist, Consultant of Neurophysiopathology Department (Dir. Prof. R. Manni), Istituto Neurologico Nazionale Casimiro Mondino Neurological National Institute of Pavia - Italy

Charles Nduka

Plastic Surgeon, NHS consultant at Queen Victoria Hospital in East Grinstead - GB

Antonino Previtera

Head of the Physical Rehabilitation Specialization School and Physical Rehabilitation Unit, San Paolo Hospital, University of Milan - Italy

Antonella Puddu

M.D, Specialist in Plastic Reconstructive and Aesthetic Surgery F.E.B.O.P.R.A.S. Plastic surgeon in private practice at Casa di Cura San Rossore, Pisa - Italy

Dimitri Rabbiosi

Maxillo-Facial Surgery Specialist, Assistant Professor at Maxillo-Facial Surgery Unit (Dir. Prof. F. Biglioli), San Paolo University Hospital of Milan - Italy

Stefano Righini

Head of Oncological and Reconstructive Cervico Facial Unit, San Giuseppe Multimedica Hospital of Milan- Italy

Grazia Salimbeni

Plastic surgeon, Head of Plastic Surgery Department at S.Chiara Hospital of Pisa from 1971 to 2001- Italy. Actually private practice at S.Chiara and Studi Medici Versilia di Camaiore - Italy

Chiarella Sforza

Full Professor of Human Anatomy, Head of Biomedical Health Sciences Department, University of Milan - Italy

Pierluigi Tos

Head of Hand Surgery and Reconstructive Microsurgery Department, G. Pini - CTO Hospitals, Milan - Italy

Valentino Valentini

Full Professor and Head of the Specialization School for Maxillofacial Surgery - Head of Maxillo-facial Oncological and Reconstructive Surgery Unit, Policlinico Umberto I Hospital, La Sapienza University, Rome - Italy
