

2019 Liverpool Practical Microvascular Course

Head & Neck Reconstructive Surgery is a complex and highly technically challenging field central to effective management of oncologic and other defects. This is the only UK practical and theoretical microvascular course designed solely for, led by, and taught by head & neck surgeons.

Better surgery
for a better world

This practical microvascular training course, now in its 29th year, takes place in a new purpose-built facility. It integrates over 30 hours of hands-on surgery using a live femoral and epigastric vessel model with 15 hours of tutorials and lectures. We have secured generous sponsorship from Zeiss & Ethicon in order to reduce registration fees, and to maintain below similar courses.

Course Date: 18 – 22 March 2019

Venue: University of Liverpool

Early-bird rate: £1450 (£1650 after 1 February 2019)

Strictly limited to 12 delegates per course

Course Directors: Mr Andrew Schache and Professors James Brown & Richard Shaw, OMFS, Aintree University Hospital & University of Liverpool

Practical techniques:

- Use of microscope & micro-instruments
- Suture handling & knots
- End-to-end venous couplers
- End-to-end artery & vein
- End-to-side artery & vein
- Epigastric vessel free flap anastomosis

Includes:

- All Home Office Licenses
- All instruments, sutures and consumables
- Breakfast, refreshments & lunch provided Monday - Friday
- Course dinner at a top Liverpool restaurant
- WBA signed up to ISCP
- Course Manual

Theory:

- Avoiding complications
- Flap monitoring
- Perforator & chimeric flaps
- Composite flaps
- DCIA & Scapula
- Reconstruction of mandible, maxilla and laryngopharynx

Features:

- Faculty of five head & neck microvascular surgeons from a range of UK OMFS departments provide excellent faculty/delegate ratio
- H&N surgical instructors from Leeds, QE Bham & Dublin
- Hotel at delegates' expense, although several reasonable options can be recommended

32 CME Credits & Certificate

20 M Level Credits* available with additional reading & assessments
