SCIENTIFIC PROGRAM

November 30, 2018

08:00	Registration
08:15	Welcome: Massimiliano Raponi, Nicola Pirozzi, Alessandro Inserra
08:30	50 years of EACMFS Education: honoring the past, inspiring the future – Manlio Galìè

Session 1: Introduction

Chairmen: Paolo Palombo, Alberto Villani, Valerio Cervelli

08:45	Event presentation. The importance of a consensus and defining guidelines – Mario Zama
09:00	“BA.BI.S.-onlus, La Banda dei Bimbi Speciali” experience – Antonietta Giorgia Commare
09:15	“Bimbi Pierre-Robin” experience – Chiara Cavallero – Chiara Nencioni
09:30	“A.I.S.P.R.- Associazione Italiana Sequenza di Pierre Robin” experience – Antonio Biondino
09:45	Genetics in PRS – Maria Cristina Digilio
10:00	Connective tissue growth factor CTGF/CCN2 is essential for secondary palatogenesis. – James P. Bradley
10:15	Prenatal diagnosis – Leonardo Caforio
10:30	Anatomy in Pierre Robin Sequence – Enrico Sesenna
10:45	Coffee break

Session 2: Clinical Management

Chairmen: Piero Bagolan, Paolo Persichetti, Valentino Valentini

11:15	PRS newborn: diagnosis and clinical management – Andrea Dotta
11:30	Feeding issues – Antonella Cerchiari
11:45	Gastroesophageal reflux disease – Luigi Dall'Oglio
12:00	Sleep Study – Martino Pavone
12:15	Respiratory Physiotherapy – Paola Leone

Session 3: Surgical Management

Chairmen: Alessio Caggiati, Diego Ribuffo, Emanuele Cigna

12:30	Anesthesiologic approach – Sergio Picardo
12:45	ENT issues – Sergio Bottero

- 13:00 Evolution of treatment – Enrico Sesenna
13:15 Mandibular distraction – James P. Bradley
13:30 Palate repair – Mario Zama
13:45 The baby at home: parental approach – Antonietta Giorgia Commare

14:00 Lunch

Session 4: Meet the Expert

Discussant: Nicola Pirozzi, Alberto Villani, Alessandro Inserra, Piero Bagolan

- 15:00 Airway and digestive tract management: tracheostomy, CPAP, Home monitoring, Positioning, Nasopharyngeal tube, Milk/cookie scan 24 hr pH probe, Sleep study – Sergio Bottero, Sergio Picardo, Martino Pavone, Luigi Dall'Oglio, Mario Zama, James P. Bradley, Enrico Sesenna
16:00 To distract or not to distract? – Mario Zama, Enrico Sesenna, Manlio Galiè, James P. Bradley
17:00 Discussion
18:00 Closing Remarks Day 1 – Mario Zama

December 1, 2018

- 08:00 Day 2 Presentation – Mario Zama
08:45 VIDEO: Mandibular distraction – James P. Bradley
10:00 Discussion
10:45 Coffee break
11:15 VIDEO: Sommerlad Palatoplasty – Enrico Sesenna
12:15 VIDEO: Furlow Palatoplasty – Mario Zama
13:15 Discussion
13:30 CME test
14:00 Closing remarks – Mario Zama

This is the first Italian - USA meeting on Pierre Robin Sequence management in the first year of age. Experts in the field will discuss the modern available options for the treatment of this disease. Prof. James P. BRADLEY, Prof. Enrico SESENNA and Dr. Mario ZAMA are renowned craniomaxillofacial surgeons in U.S.A. and Italy, respectively. The aim of the congress is to provide an update on the standards of care for Pierre Robin Sequence.

GENERAL INFORMATION

REGISTRATION

It is required to register online on:

<http://www.formazione.ospedalebambinogesu.it/>

The first 40 entries will be accepted.

CONTINUOUS EDUCATION IN MEDICINE (ECM)

The course has been assigned **12,9 credits** for the following professional profiles: Nurse, Pediatric Nurse, Speech Pathologist, Dentist, Orthodontist, Surgeon (Plastic Surgery, Pediatric Surgery, Maxillofacial Surgery, Otorhinolaryngologist, Pediatrician).

EVENT OBJECTIVE

Improve knowledge and skills specific to each profession, each specialization and each ultraspecialistic activity.
