

Event program

9th AOCMF Course—Advances in Flap Raising (with HAS)

October 29-31, 2018 Vienna, Austria

Mission

Our mission is to continuously set standards in postgraduate medical education and to foster the sharing of medically guided expertise in a worldwide network of healthcare professionals to improve patient care in trauma or disorders of the musculoskeletal system.

The AO Principles of fracture management

Welcome

On behalf of AOCMF (the craniomaxillofacial clinical division of the AO Foundation), it is my pleasure to personally welcome you to this educational event.

When I attended my first AO course back in 1990, it was at a turning point in my career. By getting to know the AO, I found an extremely valuable learning resource—and a community of friends for life. I hope your experience with us today will be equally rewarding, and maybe change the way you practice medicine.

When I say community, I mean just that. AOCMF is a multidisciplinary community of clinicians of many nationalities and specialties. Today, our AOCMF community has more than 3,400 members. We are at the forefront of education and new developments. We pride ourselves on offering unique learning and networking opportunities to more than 7,000 passionate surgeons worldwide—every year.

Through our educational activities, membership program, social media presence and website, we aspire to encourage and inspire surgeons—residents, fellows, and practitioners—to pursue fulfilling careers in our field. We endeavor to provide lifelong learning opportunities and career development for interested surgeons. Almost every aspect of craniomaxillofacial surgery is covered, with a major focus in best clinical practice, research and new technologies founded in competence-based education.

We hope that your experience with our faculty, chairs, and your peers over the next few days will help you develop new knowledge, skills, and understanding that you can directly apply to your own practice. And we hope that this experience will inspire you to build professional and personal lifelong friendships, just as I have over the past three decades.

We value your participation and encourage you to share your ideas, unique perspectives, and opinions to help build and enhance our dynamic community. Together, we are improving patient care by sharing knowledge and best practices, as reflected in our mission statement: “Excellence in facial surgery across the specialties.”

I wish you an outstanding learning experience.

Yours sincerely,

Gregorio Sánchez-Aniceto
AOCMF International Chair

Goal of the course

This event is designed to present the most commonly applied flaps for head and neck reconstructive surgery and to practice related knowledge on current flap-raising techniques.

Target participants

All those who deal with defects in the head and neck region following tumor surgery or trauma.
Years of experience 1 – 20 years (full range of experience).

- Maxillofacial surgeons
- Plastic and reconstructive surgeons
- Surgeons of related disciplines

Learning objectives

Upon completion of the course, the participant should be able to:

- know how to perform the most commonly applied flaps for head and neck reconstructive surgery
- have enhanced their surgical skills in harvesting a variety of flaps for head and neck reconstructive surgery
- have an improved understanding of complex anatomical structures

Course description

This three-day intensive course is laboratory training on fresh frozen human specimens.
Each session will include a step by step introduction followed by an on-site demonstration.

Course Director

Christos Perisanidis

University of Athens
Athens, Greece

Course Chair

Emeka Nkenke

Medical University of Vienna
Vienna, Austria

International Faculty

Neal Futran, University of Washington School of Medicine, Seattle, USA

Regional Faculty

Marius Bredell, Private Practice, Winterthur, Switzerland

Gregorio Sánchez-Aniceto, 12 de Octubre University Hospital, Madrid, Spain

National Faculty

Boban Erovic, Evangelisches Krankenhaus, Vienna, Austria

Paul Wolfgang Pöschl, Klinikum Wels-Grieskirchen, Wels, Austria

Michael Pretterklieber, Medical University of Vienna, Vienna, Austria

Christine Radtke, Medical University of Vienna, Vienna, Austria

Gert Santler, KABEG Klinikum am Woerthersee, Klagenfurt, Austria

Chieh-Han Tzou, Göttlicher Heiland Krankenhaus, Vienna, Austria

Honorary Guest

Rolf Ewers, University Hospital for Craniomaxillofacial and Oral Surgery, Vienna, Austria

Day 1, Monday, October 29, 2018

TIME	AGENDA ITEM	CONTRIBUTOR
07:30-08:00	REGISTRATION	
08:00-08:15	Welcome address, introduction of the faculty, course objectives	Christos Perisanidis Emeka Nkenke Rolf Ewers Gregorio Sánchez-Aniceto
08:15-08:30	Introduction of the AO	Rolf Ewers
08:30-09:00	Introduction of the Anatomical Training Lab	Michael Pretterklieber
09:00-11:00	Radial forearm	Paul Wolfgang Pöschl
11:00-11:30	COFFEE BREAK	
11:30-13:30	Upper lateral arm	Marius Bredell
13:30-14:30	LUNCH BREAK	
14:30-16:30	Medial sural artery perforator	Chieh-Han Tzou
16:30	End of day 1	

Day 2, Tuesday, October 30, 2018

TIME	AGENDA ITEM	WHO
08:00-09:30	Latissimus dorsi	Gert Santler
09:30-10:30	Serratus anterior	Boban Erovic
10:30-11:00	COFFEE BREAK	
11:00-12:30	Scapula	Emeka Nkenke
12:30-13:30	LUNCH BREAK	
13:30-15:30	Fibula	Neal Futran
15:30-17:00	Temporoparietal fascia Temporalis Galea-Pericranium	Gregorio Sánchez-Aniceto
17:00	End of day 2	

Day 3, Wednesday, October 31, 2018

TIME	AGENDA ITEM	WHO
08:00-09:00	Pectoralis major	Christos Perisanidis
09:00-11:00	Iliac crest	Neal Futran
11:00-11:30	COFFEE BREAK	
11:30-13:30	Anterolateral thigh	Christine Radtke
13:30-14:00	Closing statements & Hand out of certificates	Christos Perisanidis Emeka Nkenke Rolf Ewers
14:00	End of Course

AO funding sources

Unrestricted educational grants from different sources are collected and pooled together centrally by the AO Foundation. All events are planned and scheduled by local and regional AO surgeon groups based on local needs assessments. We rely on industrial/commercial partners for in-kind support to run simulations/skills training if educationally needed.

Event organization compliance

In certain countries where AO has no office but offers educational events, the AO cooperates with third party companies to conduct local organization and logistics, as well as to communicate with participants in the local language. In these cases the AO has put rules and guidelines in place (Letter of Secondment, AO Foundation— Principles of AO Educational Events) to ensure that this cooperation has no impact on the curricula, scientific program, or faculty selection.

Event venue

Institute of Anatomy

Medical University of Vienna
(Medizinische Universität Wien -
Anatomisches Institut)
1090 Vienna, Währinger Strasse 13

Next Underground Station

Schottentor U2
Trams 37, 38, 40, 41, 42

Public parking garage "Votivkirche"

General information

Event Registration

Please register online at:

<http://VIENNA1018.aocmf.org>

Event fee

9th AOCMF Course—Advances in Flap Raising (with HAS): EUR 1,590.-

Member: EUR 1,510.-

Member Plus: EUR 1,431.-

Included in the event fee are conference bag with documentation, coffee breaks, lunches, course certificate.

European CME Accreditation

An application has been submitted to the UEMS—EACCME® in Brussels for CME accreditation of this event.

Evaluation guidelines

All AOCMF events apply the same evaluation process, either online (pre - and post-event evaluation) or/and on-site by audience response system (ARS) or paper and pencil questionnaires. This helps AO CMF to ensure that we continue to meet your training needs.

Intellectual property

Event materials, presentations, and case studies are the intellectual property of the event faculty. All rights are reserved. Check hazards and legal restrictions on www.aofoundation.org/legal.

Recording, photographing, or copying of lectures, practical exercises, case discussions, or any event materials is absolutely forbidden.

The AO Foundation reserves the right to film, photograph, and audio record during their events. Participants must understand that in this context they may appear in these recorded materials. The AO Foundation assumes participants agree that these recorded materials may be used for AO marketing and other purposes, and made available to the public.

Security

There will be a security check at the entrance of the building. Wearing of a name tag is compulsory during lectures, workshops, and group discussions.

No insurance

The event organization does not take out insurance to cover any individual against accidents, theft, or other risks.

Mobile phone use

Mobile phone use is not allowed in the lecture halls and in other rooms during educational activities. Please be considerate of others by turning off your mobile phone.

Transportation

Not provided to participants

Dress code

Casual

AO Foundation—Principles of AO Educational Events

1) Academic independence

Development of all curricula, design of scientific event programs, and selection of faculty are the sole responsibilities of volunteer surgeons from the AO network. All education is planned based on needs assessment data, designed and evaluated using concepts and evidence from the most current medical education research, and involving the expertise of the AO Education Institute (www.aofoundation.org).

Industry participation is not allowed during the entire curriculum development and planning process to ensure academic independence and to keep content free from bias.

2) Compliance to accreditation and industry codes

All planning, organization, and execution of educational activities follow existing codes for accreditation of high-quality education:

- Accreditation Criteria of the Accreditation Council for Continuing Medical Education, USA (www.accme.org)
- ACCME Standards for Commercial Support: Standards to Ensure Independence in CME Activities (www.accme.org)
- Criteria for Accreditation of Live Educational Events of the European Accreditation Council for Continuing Medical Education (www.uems.eu)

Events that receive direct or indirect unrestricted educational grants or in-kind support from industry also follow the ethical codes of the medical industry, such as:

- Eucomed Guidelines on Interactions with Healthcare Professionals (www.medtecheurope.org)
- AdvaMed Code of Ethics on Interactions with Health Care Professionals (advamed.org)
- Mecomed Guidelines on Interactions with Healthcare Professionals (www.mecomed.org)

3) Branding and advertising

No industry logos or advertising (with the exception of the AO Foundation and AO Clinical Division) are permitted in the area where educational activities take place.

Sponsors providing financial or in-kind support are allowed to have a promotional booth or run activities outside the educational area with approval from the event chairperson.

4) Use of technologies and products in simulations

If case simulations are chosen as an educational method to educate skills, we only use technology approved by the AOTK System (AOTK)—a large independent group of volunteer surgeons developing and peer-reviewing new technology (more information about AOTK, its development and approval process can be found on the AO Foundation website: www.aofoundation.org).

5) Personnel

Industry staff is not allowed to interfere with the educational content or engage in educational activities during the event.
