course dinner and course materials.

**5<sup>th</sup> International  
Comprehensive  
Microsurgery Course**

**December 6<sup>th</sup> – December 8<sup>th</sup> 2020**

Department of Oral- and Cranio-Maxillofacial  
Surgery, Klinikum rechts der Isar

Dear colleagues,

After the introduction of our course concept as a pre-congress course accompanying the 24<sup>th</sup> Congress of the European Association for Cranio Maxillo Facial Surgery in September 2018 and two successful, fully-booked courses in the following year, it is my pleasure to announce the

### „5<sup>th</sup> International Comprehensive Microsurgery Course“

You can expect a comprehensive two- and a half day training with didactic considerations in mind, using a variety of different training models, including *two full days of training in a live rat model*. With up to seven seats available, the course is suited both for ambitious beginners and skilled surgeons eager to improve their microsurgical skills.

We are pleased to cater for your every need with homemade cakes and cookies during the coffee breaks and a joint dinner at one of the many excellent Bavarian restaurants nearby.

I am looking forward to an exciting course with participants from all over the globe.

Warm regards

Andreas Fichter

# PROGRAM

## Sunday, December 6<sup>th</sup>

Lecture	History of microsurgery, ergonomics, surgical instruments, tissue handling
Practice	Orange preparation
Break	Coffee and cake <i>ad libitum</i>
Lecture	End-to-end and end-to-side anastomosis
Practice	Chicken leg preparation and vascular anastomosis
Lecture	Neuro-microsurgery
Practice	Chicken leg femoral nerve

## Monday, December 7<sup>th</sup>

Lecture	Rat anatomy, anaesthesia in the rat, preparation of abdominal aorta, vena cava
Practice	Vascular anastomosis of rat aorta and vena cava
Dinner	Bavarian course dinner

## Tuesday, December 8<sup>th</sup>

Lecture	Anatomy of femoral neurovascular bundle and rat epigastric flap
Practice	Anastomosis of rat femoral vessels, neuro-microsurgery of femoral nerve, raising of rat epigastric flap, free training

## Chairmen

**Chairman**  
**PD Dr. Dr. A. M. Fichter, EBOMFS**  
*Specialist Consultant at the Department of Oral- and Cranio-Maxillofacial Surgery, Klinikum rechts der Isar, Technische Universität München Ismaninger Str. 22, 81675 München*

**Chairman**  
**PD Dr. Dr. L. M. Ritschl**  
*Consultant at the Department of Oral- and Cranio-Maxillofacial Surgery, Klinikum rechts der Isar, Technische Universität München Ismaninger Str. 22, 81675 München*

**Senior Chairman**  
**Prof. Dr. Dr. K.-D. Wolff**  
*Director of the Department of Oral- and Cranio-Maxillofacial Surgery, Klinikum rechts der Isar, Technische Universität München Ismaninger Str. 22, 81675 München*

As a souvenir, every participant will receive our „Microsurgery Manual“, a complementary course book with over 60 hand-drawn illustrations demonstrating the basic and advanced microsurgical techniques you've learned in the course.
