

**EACMFS and UEMS Pre-Specialization
MCQ Assessment for OMFS trainees
8 Sept 2022 8pm-9:30pm CET**

Dear Colleagues,

This is a reminder about this new initiative of EACMFS and UEMS to allow trainees to uncover their 'unknown unknowns' by completing an on-line MCQ. EACMFS has been supported by an unrestricted grant from Medartis, whom we thank for their help.

After the exam, the candidates will receive their results, including national and international comparisons. Furthermore, we have integrated 10% old questions from previous UEMS European Board of OMFS exams and will publish the solutions to the respective questions. We hope that letting trainees and new specialists see the standard of EBOMS questions will make the prospect of the exam less daunting and encourage colleagues to become EBOMFS Fellows.

We would be most grateful if you would share this information in your country and motivate your colleagues to participate in this formative assessment.

With warm collegial greetings,

Christos Perisanidis
Education & Training Officer
UEMS

Frank Hölzle
Liaison Officer EACMFS-UEMS

Patrick Magennis
President OMFS Section of

Short Information

8 Sept 2022 8pm-9:30pm CET

Register now – you will receive the access code prior to your assessment

Date & Time	September 8 th 2022, Start 20:00 Central European Time, end 21:30
Supervisor	Frank Hölzle in Aachen, but please choose your local training supervisor if they are listed.
Registration	Instructions can be downloaded from this link https://omfsuems.eu/userfiles/pages/files/prespecialisation_exam_files/2022_eacmfs_prespecialisation_instructions.pdf (information also available at https://www.eacmfs.org/information/)
Exam setting	Although trainees will be completing this assessment at home, the aim is for it to be completed under 'exam' conditions rather than 'open book'. Please ensure you will not be disturbed for the 90 minutes. Be aware that proctorship of the exam will be undertaken by software monitoring.
Feedback	You will receive your score. All candidates will also receive statistics about the results of other participants and the correct answers of the MCQ questions.
IMPORTANT	if you do not receive an e-mail with instruction on September 7th (the day before the assessment), you may have mis-typed your e-mail. Contact Patrick Magennis by e-mail or WhatsApp for further help.
Any problems	Contact Patrick Magennis by e-mail omfs.eu@gmail.com or by WhatsApp +447850290054
