VISIT BERLIN 
CONVENTION OFFICE

Dear Ladies and Gentlemen,
dear colleagues and friends,

it is our great pleasure to invite you to Berlin in 2027 on behalf of the European Head and Neck Society (EHNS), our president, Prof. Giovanni Succo and Prof. Andreas Dietz, representing the German Interdisciplinary Head and Neck Group (IAG-KHT) of the German Cancer Society. Berlin, the capital city of Germany, is renowned for its exceptional range of landmarks, vibrant cultural scene and way of life that's somehow all go yet relaxed. In fact, the city is best known for its striking contrasts. Historical buildings stand alongside modern architecture as the past and present intermingle.

Beyond the extensive number of scientific institutions and universities, Berlin is the city of art, artists, fashion, and museums.

In addition to the great cultural scene, there are also a variety of restaurants, bars and shopping opportunities to ensure that there is something for everyone to enjoy after the scientific programme at the congress.

ECHNO has grown into the largest European head and neck meeting and we are more than convinced that Berlin will stimulate your personal, scientific and professional exchange. Make a note today of March 3-6, 2027 and plan with us to come to ECHNO 2027 in Berlin.

Warm welcome to you all,

Giovanni Succo
president EHNS

Andreas Dietz
